BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhileration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are *lasting*. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kinny, of 605 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not eat nor sleep when I began taking the 'Favorite Prescription.' Heart troubled me and I had cold and numb spells till my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing; or, send 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

DISORDERS IN RUSSIA.

Moscow newspapers state that a mob at Nizni Novgorod murdered nearly a hundred citizens on Sunday, including women and children. Many persons were mutilated.

The disorders at Nizni Novgorod have now continued four days, with daily collisions between the rival camps into which the workmen and the rioting roughs have divided, but there has been no general riot since Sunday's five-hour fray.

According to the government advices twelve men were killed and three were fatally wounded Monday and Tuesday night. On Sunday night a bomb was thrown against the school house in the suburb of Sormovo, where a detachment of soldiers was quartered. The thrower of the bomb was killed.

A regular blood feud appears to exist between the socialistic workmen in the Sormovo district and the stevedores, brickmakers, and cab drivers. The factions invade each other's territory and fight on sight, using revolvers and clubs.

The governor of Odessa has issued an extraordinary proclamation, which, when posted in the city today, had the effect of increasing the already bitter feeling against the Jews among the troops and more ignorant classes of the population. The governor says he has received a number of anonymous letters denouncing persons as socialists and revolutionaries, which he entirely ignores, believing, in most cases, these communications were inspired by motives of personal vengeance. The proclamation continues:

"Letters have also come from the Jews charging the police with preparing for a Jewish massacre."

The governor then declares that such action is impossible and will not be permitted, but he adds:

"The governor is astonished at the Jews addressing such letters to him, seeing that it is the Jews themselves who caused all the disorders. The police invariably found revolvers, bombs and prohibited literature in Jewish houses. But for the Jews there would have been no disturbances, no Kniaz Potemkin affair. Now the Jews have the impertinence to bring charges against the police."

Former Ambassador to Russia and Germany Andrew D. White in a lecture in Ithaca, N. Y., Tuesday night to the summer school students of Cornell on the subject of "Evolution Versus Revolution in Politics," said:

"Russia can now only be righted by revolution, as her evolutionary processes are now too far disarranged to be capable of pulling her through her present crisis. The dams against modern thought held up by the aristocracy will be thrown down suddenly in the near future by the evolutionary reactionaries and anarchy will break loose, all of which will lead to better things in the end."

CHILDREN FOUND.

With only wild berries for food during the seventy-two hours in which they wandered aimlessly in the thickets of Anne Arundel county, Md., Lena and Sophia Cohen, daughters of Mr. and Mrs. Jacob Cohen, who disappeared Sunday morning while on an outing with their father at Altona, on Stony Creek, were found by Walter Johnson, a twelve-year-old farmer boy, at 9 o'clock yesterday morning, sitting in a clump of bushes on the banks of the creek. The children were perfectly well, and, after being provided with food and otherwise cared for by women at Altona, were brought to the city and restored to their parents at 1 o'clock yesterday. When the Cohen house was reached more than a thousand persons surged to get a glimpse of the little wanderers. Women grabbed their hands and arms and kissed them as the men struggled on with their precious burdens. The scene at the home was pathetic in the extreme. The house was crowded with friends of the distracted parents, and when Cohen and his friends—a way having been forced by the detail of policemen—entered the little store the mother was wild with joy, and grabbed the elder girl in her arms.

The children's bodies, faces, and legs were covered with welts, the result of the terrific attacks of swarms of mosquitoes, which they say nearly devoured them at night as they slept in the woods. Great scratches streaked their legs and arms, received while gathering wild raspberries, blackberries, and other fruits, the only food that they had during the three days of their wandering.

Lena, the elder girl, said that she and her sister simply wandered off from the Altona shore and lost their way.

Johnson, the boy who found the little girls, was one of the great army of men, women, and children who, since Sunday, had been scouring the thicket and dragging the water courses for the missing children.

The finding of the children relieves the two negroes, Watkins and Edwards, arrested Monday, of all suspicion of complicity in their disappearance, as both girls declare that they saw no one and not a soul spoke to them until yesterday morning, when they asked the boy seen fishing in Stony Creek to take them home.

Indigestion Cured.

There is no case of indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong.' It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. Try them today.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, JULY 27, 1905.

GOVERNOR MONTAGUE struck another frost yesterday when he appeared at Warrenton and endeavored to interest the people of that place in his candidacy for the United States Senate. The newspaper accounts of the affair add these significant words: "The crowd was a disappointment to the Governor's friends." His speech was the old, old story—only this and nothing more. His first discharge was the expounding of his policy, which was followed by an arraignment of Mr. Martin, and a well-directed defense of himself. The governor, during the course of his speech, said he believed in "equal rights for all, and special privileges for none. Should I ever be elected nobody will have a cord about my foot or a string around my neck. I have worn no man's collar, and never will wear it." Although he did not specialize, the newspapers came in for a brief attack. He declared that they "touched a wire here and there and greatly distorted the facts." "The election of Senators by the legisiature," he said, "has proved a failure. They think they elect, but they don't." Speaking of graft, he said those in control place a man in office and then divide the spoils. "Martin," said the governor, "boldly put his personal welfare above the public welfare." The Governor referred to Senator Martin as the colorless man, and stated that he was far more dangerous than the colored man. Referring to the nergo, he said the colored man has not done so much harm in Virginia as the colorless man. He scored very severely the State convention of last year that failed to indorse his administration as governor. [This seems to be one of the Governor's sore places.] Building a post-office or deepening harbors he declared could not save Virginia nor the democratic party, and this, he asserted, was about the extent of the junior Senator's work. There probably never was a campaign waged in Virginia upon a more rickety platform than that upon which Governor Montague is appealing to the people. There is not a sound plank in it. The Governor seems chagrined at two things especially—the action of the State convention in failing to endorse him and the fact that his candidacy for the United States Senate has failed to appeal to the people as he imagined it would. So far his eloquence and supposed magnetism have proven to be signal failures, while confidence in Senator Martin is steadily growing.

THE AGRICULTURAL DEPARTMENT scandals continue to be a source of gossip, and naturally so. President's Roosevelt's ire is said to have been aroused by the sudden departure of John Hyde, recently the statistician in the department, on a steamship for England. He has sent several telegrams to various officials in Washington inquiring how it happened that the Department of Agriculture permitted such a thing to happen. The hurried departure of Mr. Hyde has a very bad look, in the opinion of many of the officials, some of whom have heretofore taken the view that he was only negligent. The resignation yesterday of Mrs. Burch, the private secretary of Hyde, and its prompt acceptance, is also looked upon suspiciously. Mrs. Burch is understood to have been very familiar with the routine work of the Bureau of Statistics and her advancement in the department has been rapid. A few years ago she received $480 and at the time of her resignation she was receiving $1,800 a year.

IN THE hearing at St. Paul, Minn., Tuesday, of the investigation of business methods of the General Paper Company before a special examiner appointed by the United States Court, A. C. Weiss, general manager of the Duluth Evening Herald; Conde Hamlin, of the St. Paul Pioneer-Press, and W. J. Murphy, publisher of the Minneapolis Tribune, testified that their experience had been strenuous since the formation of the General Paper Company. Mr. Weiss testified to his despair of ever being able to do business with the General Paper Company on an equitable basis. He said that since the organization of the defendant company there had been no competition between the paper companies of the northwest. Freight conditions made the small mills unavailable as sources of supply. Just such complaints as these have prejudiced the people of the country against all trusts.

WHEN MEN preach honest elections and vehemently decry against the use of money in elections they put themselves in awkward positions when they so flagrantly neglect to practice what they preach that the grand juries in the communities in which they live are compelled to take cognizance of the fact and indict them for violating the laws of the State. But it is just what Mr. A. B. Williams, editor of the Richmond News-Leader, has done, and the result will be awaited with interest. Mr. Williams takes the ground that he had a perfect right to do as he did. Without entering upon a discussion of this point, he has certainly in season and out of season warned others against doing exactly what he has done.

THE SCENES in connection with the opening of the Zionist Congress in Basle, Switzerland, today, were extraordinary, several fights having taken place. The services of the police were invoked and eventually a fire brigade was summoned which sent streams of water into the crowds, finally scattering them. The object of the Congress is to devise ways and means for restoring the Jewish Commonwealth. It was a polyglot gathering, representatives of the stock of Israel from every clime being present.

GOVERNOR DOUGLAS, of Massachusetts, has again definitely and finally refused to accept a renominatiou from the democratic State convention. He cannot be charged with being the sort of statesman who saying he would ne'er consent consented.

From Washington.

President Roosevelt will entertain the envoys at a luncheon, instead of at a dinner as previously arranged.

At a meeting of the council of the National Civil Service Reform League at Bolton Landing, Lake George, New York, Saturday, Secretary of the Navy Bonaparte resigned as chairman of the council and Mr. Richard Henry Dana, of Boston, was elected to succeed him.

The following dispatch from Capt. Drake, at San Diego, of last night's date, was given out by the Navy Department today concerning the Bennington: "Ship practically dry and on even keel. From thorough examination of ship's inside, constructor is satisfied that there are no leaks through hull; also satisfied that ship is able to be towed to Mare Island as soon as boilers are chocked, which work is proceeding. While this work is going on, examination of hull on the outside is being made by drivers. Commander Ransom also states that as far as engines and their connections are concerned ship ready for sea-passage and safe.

The cruiser Galveston under the command of Commander W. G. Cutler, has been designated to act as convoy to the Mayflower and Dolphin, when they carry the peace convoys from New York to Oyster Bay to meet the President, and later from Oyster Bay to Portsmouth, the scene of the negotiations.

The witnesses were Frederick A. Pekham and Moses Hass, New York brokers.

Franchise Granted.

The Berryville Town Council last week granted the franchises to the Winchester and Washington City Railway Company and to the Frederick and Clarke Telephone Company. In a very short time the telephone company will have their poles erected into Berryville. Work on the power house and plant of the electric company is yet in a preliminary stage, and nothing will be done except preliminary work until the bids for construction are opened on August 2. As soon as the bids are opened and the award made to the successful bidder, work will be rushed on the dam and the plant near Millville, in Jefferson county. The chief engineer of the electric company, Mr. N. Wilson Davis, has taken up his residence at the Millville work and will give his entire attention to the work from this time on, as long as he is connected with the company. The company already has the contract for lighting the streets of Winchester, and similar contracts are expected to be made with other nearby towns.—[Clarke Courier.

A Big Indemnity.

It is reported in Washington that almost immediately upon the assembling of the peace conference at Portsmouth, N. H., the Japanese envoys will present terms, the acceptance of which, without modification, they are instructed to insist upon as a basis for further negotiations. It is know that Japan will demand an indemnity that will approximately cover the cost of the war to date. The amount is based upon the most careful estimates of the cost of the war is said to be one billion dollars. Besides the indemnity, it is believed, Japan's other essentials to the continuance of the negotiations are the cession to Japan of Sakhalin Island, of the Liaotung peninsula and of the railway as far as Harbin; the recognition of Japan's predominating influence in Korea and the return of Manchuria to China.

Hoffman Resigns.

Monday night, before a full meeting of the Berryville Council and representatives of all parties concerned, it was shown that Mr. Hoffman, treasurer of that town, was ready to make full settlement with the exception of $300, which he was unable to raise. On suggestion of the bondsmen it was decided to accept that settlement, the bondsmen to pay half of the $300 to the town and the town to lose the other half. The total loss of the town is therefore only $150. Mr. Hoffman handed in his resignation, and it was accepted, and Mr. P. H. Powers was immediately elected to the position made vacant.—[Clarke Courier.

While driving home the cows, as was her custom, Susan Murphey, a domestic employed by Thomas Lewis, near Foxhall, two miles west of Dover, Delaware, was so terribly injured Tuesday evening by an enraged bull which was in the field that she died within a few hours after she had been attacked.

A mutiny occurred in the police force at Panama yesterday, but it was quelled almost at the beginning by Santiago de la Guardia, Secretary of War, who faced the mutineers with a drawn revolver, and, backed by the officers of the force, brought them to submission. The leaders were severely chastised by the Secretary and the other mutineers were placed in irons.

The Chicago City Railway Company yesterday filed a bill in the United States Circuit Court for an injunction to restrain the city of Chicago from interfering with any of the company's 119 lines. The municipal ownership ordinance passed by the City Council last March is attacked as being unconstitutional, and the court is asked to grant relief from any prejudicial act of the city. The franchises run until 1958.

LOCKWOOD GIVES BAIL.

J. W. Lockwood jr., who was arrested in Gordonsville Tuesday night, spent the night in the office of his attorney, A. T. Browning, and yesterday morning he was bailed out by Mrs. A. F. Lockwood, his mother, in the sum of $7,600, to appear at the September term of the Orange circuit court. Immediately after his release on bail he left for Huntington, W. Va., where he is secretary and treasurer of a coal company.

J. Wells Lockwood, jr., charged with embezzlement, and Newton Lockwood, who will be arrested as soon as he can be located, were connected with various banks in Richmond previous to going to Gordonsville.

J. W. Lockwood, sr., father of the accused young men, was cashier of the National Bank of Virginia, in Richmond, for twenty-nine years. Before the war he lived in this city. He was with the bank at its organization, but later went into business in Baltimore, from which he returned at the urgent request of three of the directors of the National Bank of Virginia that he would accept the position of cashier.

Mr. Lockwood was one of the organizers of the American Bankers' Association, and was for twelve years a member of the executive committee. He nominated Secretary Gage for the office of president of the organization.

Mr. Lockwood and his sons were connected with the National Bank of Virginia until 1899, when they left that institution to organize the American National Bank, of Richmond.

After leaving the American National Bank, Mr. Lockwood and his sons went to Gordonsville, where they engaged in the banking business under the firm name of Lockwood & Co. J. W. Lockwood, sr., died a little more than a year ago, his business at Gordonsville having caused him much worry during the last few years of his life.

J. Wells Lockwood, jr., is about 36 years old, while Newton Lockwood is about 38. Both were very popular while they lived in Richmond and the announcement of the charges against them has caused surprise and regret among those who knew them.

SLAPPED HIS FACE.

As a result of a bitter attack on State Senator W. W. Sale and his two law partners, Col. James Mann and Maj. Seth Tyler, by Mr. N. T. Green, a candidate for the State Senate, Col. Mann yesterday went to the office of Mr. Green in Norfolk and demanded an apology, and when Mr. Green declined to retract the charges he had make publicly the night before, Col. Mann slapped him in the face, and several blows were exchanged. Maj. Tyler, who is a son of ex-Gov. J. Hoge Tyler, is ill at his home yesterday announced his intention but demanding redress from Mr Green as soon as he is able to be out, which will be in a day or two, and an encounter is expected.

Col. Mann, who is a son of Judge W. H. Mann, candidate for the governorship, is much smaller in stature than his opponent, Mr. Green, a former member of the Danville bar and law partner in Norfolk of former Senator Withers, of the Danville district.

In the speech which caused the encounter Mr. Green alleged that Senator Sale did not secure the passage of the Jamestown Exposition bill in the legislature, but says the bill was passed through the efforts of the law partners of Senator Sale who were retained as paid counsel for the purpose by the exposition people. Col. Mann says that he regarded the statements and charges of Mr. Green as matters which should be answered by him in a personal manner.

When asked what he meant by this Col. Mann said that he had been insulted by Mr. Green in language that one gentlemen should not use regarding another when he had no foundation in fact for his statements, and that he resented what Mr. Green had said by seeking the latter and smacking his jaws. Mr. Green would not discuss his encounter with Col. Mann.

J. Pierpont Morgan's Wardrobe.

New York, July 27.—Advices from London say that when J. Pierpont Morgan sailed from Liverpool yesterday on the Oceanic for New York he carried with him clothes enough to protect him for at least a year from the elements. Mr. Morgan has no less than 127 suits of clothes, purchased of the best known and the most expensive tailors in London, to say nothing of innumberable overcoats. It is estimated that his bill for clothing alone is close to $10,000. The average cost of each suit was $60. Had he bought the clothes here the average cost would have been $100 for each suit.

THE RICHMOND INDICTMENTS.

As stated in the Gazette of that day five indictments were returned yesterday by the grand jury in Richmond which has been for more than a week investigating charges of fraud and violation of law in the recent municipal primary in that city. Those indicted are: Alfred B. Williams, president of the News Leader Company and editor of the News Leader; Police Commissioner "Chris" Manning, Samuel Goldstein, an employe of the Health Department; Jackson Wise a registrar; and L. K. Culberson.

All except Culberson are indicted for misdemeanor. There are two bills against Culberson who is charged with felony.

The misdemeanors with which Williams, Manning and Goldstein stand charged are in connection with a check for $25 which Mr. Williams gave Goldstein for working at the First precinct, Jefferson ward, in the interest of Col. George Wayne Anderson, a candidate for Commonwealth's Attorney. It is understood that the charge against Manning is that he acted as a go between in arranging the transaction. Jackson Wise was registrar at the Third precinct Monroe ward, where there were wide discrepancies brought to light. It is believed that should the four mentioned above be found guilty the penalty imposed will be the lowest possible, a fine of $100 each.

The case of Culberson, who is indicted for a felony, is different. He was one of the election officers at the Third precinct, Monroe ward. It is charged he was there in consequence of a prearranged plan to commit fraud. The man has been absent ever since the investigations began, and no one seems to know where he is. In returning its indictments the jury makes a concise report. In this they say:

"The grand jury finds that more stringent measures should be employed to safeguard the ballot. The manner of appointing officers of the election precincts is not guarded sufficiently by the electoral board, who after all are the real custodians of the ballot, inasmuch as they appoint the officers who receive the votes and should, therefore, exercise the strictest care in the selection of these officers. Our investigation shows that the appointments are made on the recommendation of any citizen and that the board is governed thereby. We are of the opinion that the board should be govered by the recommendations of the central city committee, who are elected by the people to see that the elections are fairly and honestly conducted and should be required to share the responsibility.

"We find, also, that the destruction of the unused or mutilated ballots opens the door to fraud, and that this feature of the election laws should be remedied."

The rest of the report is devoted to showing the discrepancies in the vote cast and announced at the Third precinct, Monroe ward.

Zionist Congress.

Basle, Switzerland, July 27.—The prediction made yesterday that the sessions of the Zionist Congress would be attended by riotous outbreaks has been fulfilled by the events of today when the delegates began to assemble. The hall in which the congress will meet was opened at eight o'clock, and a fight immediately was precipitated by the delegates who struggled to secure the best seats. A number of desperate encounters between delegates followed, and sticks and umbrellas were freely used by angry men. In the melee chairs were broken and the furniture demolished. Some of the struggling delegates seized the broken parts of chairs which they used as weapons with which to attack their fellows. The trouble became so bad that the executive committee was forced to send for the police to restore order.

The first demonstration occurred yesterday afternoon. Some of the Russian delegates become impatient because the congress building was not open and stormed the hall, breaking open the doors and smashing the windows. They finally forced there way into the building where they overturned the chairs and desks, and wrought havoc generally.

The Russian delegates are exceedingly bitter against Max Nordau because he is a territorial Zionist. They have even made threats of violence against Dr. Nordau because he does not hold the same view which they express.

The congress opened at 10 o'clock, this morning. Seven hundred and sixty delegates were present, representing the Zionist organizations of over twenty countries in all parts of the world. This parliament of Jews contains almost every type of the Hebrew race. There are many swarthy Jews with long, black, unkempt hair and bronzed complexions, from Russia, Roumania, and Palestine, blond, fair-haired, blue-yed, pale skinned Jews from Galicia, red haired and sandy haired Jews, with blond complexions, from Scandinavia, and Denmark. The great majority of delegates from Russia and the East wear the quaint costume which distinguishes Jews in their countries from their fellow inhabitants.

The chair was taken at the commencement by the eldest delegate present, the venerable Dr. Shalty.

Dr. Max Nordau, of Paris, then ascended the speaker's tribune, and delivered an eulogy of the late Theodor Herzl, the originator and former leader of the Zionist movement.

At the conclusion of Dr. Max Nordau's eulogy, a dramatic and impressive incident took place. The whole assembly of Zionists who had listened to the address, standing raised their right arms and repeated in unison, the words of the Hebrew oath, that they would devote themselves until death to the great work which Theodor Herzl began in the interests of the Jewish people. The effect of this solemn pledge given by hundreds of men overflowing with earnest enthusiasm for their cause was most striking.

After this touching ceremony was over the Congress settled down to more prosaic business.

At the conclusion of the sitting of the Congress, a memorial service in honor of Theodor Herzl was held in the synagogue, and the conference adjourned to meet there.

A fight ensued in front of the synagogun between members of the Congress and spectators. The limited capacity of the synagogue made it impossible for all to gain entrance and the fight for admission was savage. The police were unable to cope with the fighting crowds and it was necessary to summon a fire brigade which finally dispersed the people by turning several high pressure streams of water upon the rioters. Order was then restored.

Russian Affairs.

St. Petersburg, July 27.—Reports giving details in regard to the rioting which has occurred at Nizni-Novgorod, which have reached here, show that the authorities knew on Tuesday that a massacre was being planned. They took no measures to prevent the rioting, however, and even encouraged the mob which attacked men, women and children indiscriminately. Persons dressed in clothes of European make and cut were especially singled out for attack. The casualties, as reported, number 25 killed and 100 injured.

Libau, Russia, July 27.—The naval authorities have ordered the removal of all fire arms and ammunition from the warships Minine and Kreml, as it is feared a renewal of the revolt on the part of the crews of the vessels is being planned. The discovery has been made by the authorities that, during the recent disturbances, 3,000 rifles and 50,000 cartridges were removed from the arsenal by revolutionists.

London, July 27.—A dispatch to the Exchange Telegraph Company from St. Petersburg says that German bankers have opened credit in favor of Russia on six per cent. exchequer bonds at two per cent. commission. The banks here have invested 50,000,000 roubles in deposits of foreign securities.

Widespread Plot.

Sevastopol, July 27.—The court martial of the mutineers among the crew of the battleship Georgi Pobiedonozets, which at first joined the battleship Kniaz Potemkin in the recent Black Sea revolt, but later surrendered to the authorities, has brought to light the fact that a widespread conspiracy for a revolt existed among the sailors of the Black Sea fleet, and the artillerymen in the fortresses at Sevastopol. The plot included the seizing of all the vessels of the fleet and the fortress at Sevastopol. The mutineers intended to intrench themselves in the fort and, backed by the fleet, they had prepared to send an ultinatum to the Czar demanding that he should grant to Russia a satisfactory constitution. In case of the Czar's refusal to grant their request, the mutineers intended to use the fleet to bombard every city and town on the Black Sea which refused to join the revolt. The conspiracy failed because the men on the Kniaz Potemkin acted hasily and mutinied before the conspirators had completed their plans. The discovery of the conspiracy has resulted in the arrest of 2,500 sailors and soldiers at Sevastopol and other cities in southern Russia, and they are now being held for trial on the charge of treason.

Oyster Bay, N. Y., July 27.—The pesce plenipotentiaries will be received by President Roosevelt on August 5. They will come to Oyster Bay on government warships, and be received on board the Mayflower at 1:30 p. m. Assistant Secretary Barnes made the announcement of the date of the envoys' reception at 12:30 this afternoon, after he returned from Sagamore Hill. The details of the reception. Mr. Barnes said, are in the hands of the State Department.

Woman's Scalp Torn Off.

Philadelphia, July 27.—Twenty minutes after the scalp had been torn from the head of Mrs. Pearl Laurillard it was put back again by the doctors in St. Mary's Hospital, who have good hopes of its growing.

Mrs. Laurillard is 28 years old, lives at 104 Turner street, and was employed as as loom operative in Sloan's mill, Palmer and Howard streets. She was combing her hair near her loom yesterday, prepartory to quitting work for the day, when the machinery caught it, and the entire scalp, from the line of the eyebrows, up was ripped from her head.

With all speed the woman was got to the hospital.

"Where's the scalp?" asked the doctor who received her.

"Back at the mill," replied the patrol sergeant.

"Get it immediately."

A telephone message was sent, and the hair and scalp, wrapped in a newspaper, was hurried to the hospital by a special messenger. It was carefully sewed in place.

Art Treasures.

London, July 27.—During his absence from America, Mr. J. Pierpont Morgan has added a whole Fragouard room to his London residence, the intrinsic value of which is estimated in hundreds of thousands of pounds sterling, besides being of infinite historical importance. Some appreciation of the value of the collection may be gathered from the fact that while a Fragonard a foot square is worth $5,000, the largest room in Mr. Morgan's house is walled with the great artist's pictures. In all there are 12 of these paintings, each measuring three yards high and two yards wide. In order to embrace the whole collection in a single room it was necessary to remove the wall separating the drawing-room of Mr. Morgan's adjacent houses at Prince's Gate.

Bolt Fells Women.

Denver, July 27.—While driving up the Arkansas Valley from Salida to Buena Vista, Mrs. Geneva Coruthers, a New York woman, and her two daughters were suddenly thrown from their carriage by a bolt of lightning, which tore the top off the vehicle. Their horses were knocked down and it was several minutes before they could rise. By this time Mrs. Coruthers had recovered from the shock sufficiently to quiet the animals. She then devoted herself to restoring her daughters to consciousness. The three women managed to fix the carriage so that it would carry them and drove to Buena Vista. They refused to talk about the accident and said they would go on to California to-morrow.

Italians Killed by a Train.

Amsterdam, N. Y., July 27.—A New York Central accommodation ran down nine track hands near Tribes Hill, today, instantly killing six of them. The men, all Italians, were members of a force numbering about a hundred which was engaged in ballasting the tracks with sand. They had stepped in the way of a fast freight, westbound, and presumably owing to the wind which prevailed, blowing the sand in great gusts, they were unable to see the approach of the passenger train, as it came around the abrupt curve just west of the station.

Triplets.

Altoona, Pa., July 27.—Mrs. Joseph Coline, wife of Lorenzo X. Coline, an Italian, gave birth to triplets yesterday. Two were boys and one a girl. Outbreaks in Italy.

Naples, July 27.—A hundred members of the Cammara, a secret society of this locality, who have deen incarcerated in various prisons here, secretly arranged for a general uprising at the same hour on the score that they were not furnished sufficient food. The outbreak occurred yesterday as planned. Many of the other prisoners who thought they saw a chance to escape, joined in the revolt. Troops were summoned to the prisons by telephone, however, and the disturbances were quelled temporarily. Last night, the prisoners who had taken part in the revolt were removed under guard to Benevento and they will be distributed in groups in ten outlying prisons. Another outbreak occurred today in the prison here, the prisoners hurling everything they could lay their hands on at the head of the guards and the prison authorities. Eventually all the revolters were subdued, however.

Returned from Canada.

Mrs. Kate Waller Barrett has returned from Canada where she attended the Women's Congress which assembled in the city of Ottawa. Mrs. Barrett was the guest of Lady Laurier, wife of Sir Wilfred Laurier, Premier of Canada. She gives a most interesting account of her visit and description of Ottawa, the capital city of Canada, and its superb parliamentary buildings which she says are not surpassed if equalled by any public buildings in the world. Ottawa being a handsome city of two hundred thousand inhabitants and whose main commerce is an enormous lumber trade, is beautifully situated in a rolling and highly cultivated region whose many streams abound in the finest fish and game, and altogether is a most desirable place of residence. It is there that the parliament of Canada assembles, which is composed of a House of Commons and a Senate which the latter body represents the House of Lords of England, the Premier being supreme and the government entirely independent of England, the mother country exercising as it were a susarainty, and represented by the Governor General, a sort of ambassador of the king. Mrs. Barrett advises all persons who desire a delightful trip to visit Canada. She and the Misses Barrett will leave shortly for the sea shore and Soratoga.

Railroad Notes.

Employees of the Washington-Southern Railway reported this morning that it was the intention of the company to use their new double track this evening from Seminary station, a short distance west of Alexandria, to a point near Franconia, thus "cutting out" what has for over thirty years been known as the Southern Railway crossing near the double bridges over Cameron run. The new tracks of the Washington-Southern begin at Seminary station, from which point an embankment has been constructed to the double bridges. A structure has been erected near that place on which trains will pass over the tracks of the Southern.

It is still said by railroad men that it is the purpose of the Washington-Southern Company to remove the present tracks from Henry and Fayette streets in the near future and dispose of the property at Cameron and Fayette streets. It is also reported that Alexandrians are now negotiating for the purchase of the buildings and grounds at this point.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Louisa Bird, colored, arrested by Officer Henderson charged with assaulting Harvey Smith, was dismissed.

A colored woman, arrested by Officer Arrington charged with assault, was dismissed.

John Ashton and George Geary, both colored, arrested by Special Officer Mullen charged with fighting, were fined $2.50 each.

John Green, colored, arrested by Officers Henderson and Bell charged assaulting Frank Brooks, was fined $10.

William Harris, colored, arrested by Officers Ferguson and Knight charged with assaulting Pauline Harris, was fined $5.

A white man, arrested by Officer Lyles charged with purchasing stolen property, was fined $5.

Issue Over a Dog.

Six persons—three men and three women—were in the Police Court this morning, plaintiffs and defendants in litigation over the ownership of a dog. The canine was held in the arms of one of the women who claimed to own it, and when the parties lined themselves in front of the judgment seat the animal (one of the good-natured species) looked around as if wondering what it all meant, and ready to lick the hand of any one close enough to it. Justice Caton, realizing that it would be a long-drawn-out case, struck it from the docket and dismissed the court, telling the liligants that they must go to a magistrate and institute a civil suit. The lady in possession of the cur was positive she was its legal owner, while the plaintiff was equally as certain that the dog belonged to him.

Test at Indian Head.

The following statement was issued yesterday by the Bureau of Ordnance of the Navy Department relative to the test at the Indian Head proving grounds of 6-inch armor plate manufactured for the new battleships Mississippi and Idaho: "Midvale 6-inch face hardened armored plate, representing Group A, consisting of about 450 tons of armor for the Mississippi and Idaho under their contract dated December 15, 1903, passed a very excellent test under specification requirements at the naval proving ground, Indian Head, Md., yesterday. This is the first official test of Midvale armor and accepts Group A for installation on the above mentioned vessels."

Caught an Alligator.

Special Officer Mullen told a representative of the Gazette this morning that a day or two ago he saw a live alligator, about two feet long, which had been caught by some boys on the Maryland shore a short distance south of this city. The saurian had been found under a stone and its captors, who were in a boat, stopped here on their way to Washington.

New Steamer.

It is understood the keel for the new steamer to be built at Newport News for the Norfolk and Washington Steamboat Company will be laid in a few days and that she will be ready for delivery before the time specified, May 1, 1906. The Woodbury, the first of the Norfolk and Washington ferry steamers, is to be launched at Wilmington on the 16th of August.

Deputy U. S. Marshals Joseph F. Glover, of this city, and S. D. Bendit, of Richmond, left here last night with Oscar Jackson, a U. S. prisoner, for the Atlanta, Ga., penitentiary.

Baseball.

STANDING OF THE CLUBS.

	W	L	Pct
Invincible	4	1	800
Oriental	3	2	600
Old Dominion	2	2	500
Virginia	2	2	500
Del Ray	2	2	500
Potomac	1	5	167

A game of baseball was played on the fair grounds yesterday evening between the Orientals and the Potomacs. The game was a one-sided affair from the start, and at no time during the game were the Potomacs near winning. Elliot, second baseman for the Orientals, played an excellent game, accepting all chances that came his way and making several very fine catches. Lyles, catcher for the Orientals, plays the game for all there is in it. He is a good batter and a mighty fine backstop. Entwisle, of the Potomacs, made two good catches in centre field. The score stood: Orientals, 9; Potomacs, 1.

The Alexandria Athletic Association and the Northeast Athletic Association will play a game of ball this evening at 5:15 o'clock.

The game tomorrow will be between the Del Ray and the Virginia clubs of the Alexandria League.

What promises to be the most exciting game of baseball of the season in this city will be played on the fair grounds Saturday evening at 5 o'clock between the Alexandria Athletic Club and a picked team from the Alexandria League. As the league has several good players, the rivalry existing between the two organizations should make this a hard-fought contest. Manager Birrell says he will have the best team he can get, as win he must to hold the championship. At a meeting of the league last night it was decided that the league must put forth its best efforts to win this game. A personal bet between members of the two teams has been made. Purcell and Kraft will do the battery work for the Alexandria Athletic Club. The league will not make its battery known until the umpire calls the game.

Personal.

Mr. Robert Portner and family have gone to Manassas to spend the summer at their country home there.

Miss Rose Kidwell, of Alexandria, who has been spending some weeks with friends in the city, has gone to Portsmouth to spend some time with friends in Park View.—[Richmond Journal.

Mr. R. H. Carlin, of Alexandria, is visiting his brother, Mr. M. F. Carlin, of the Southern Bell Telephone and Telegraph Company's local branch in Portsmouth—[Norfolk Ledger.

Forger Arrested.

Herbert Butler, colored, was arrested in the Citizens' National Bank today charged with forging a check for $150. Butler is an employee of Messrs. J. Dreifus & Sons. Today he entered the Citizens' Bank and presented the check for payment. His actions caused suspicion and as he was handed the money he was asked if he had indorsed the check. He replied he had not but that Mr. Albert Dreifus had done so. He was then told to wait a few minutes and Mr. Dreifus was summoned. He soon arrived at the bank and pronounced the check a forgery. In the meantime an officer had been summoned and upon his appearance Mr. Dreifus swore out a warrant for the arrest of Butler. The latter was immediately taken into custody, escorted to the police station and locked up.

Charge Against Wife.

While white and colored men are often brought before the Police Court charged with beating their wives, it is seldom a woman is arraigned for assaulting her husband. A case, however, was on the docket of the Police Court this morning. A colored woman had been arrested at the instance of her husband who charged her with assaulting him and damaging his hat. The woman's version of the affair was to the effect that her husband was endeavoring to procure money from her when the alleged assault was committed. She was dismissed.

Runaway.

Two horses attached to a wagon belonging to a Washington tea company ran away a short distance west of Colross yesterday evening. The driver was thrown out and received serious cuts on his head. One of the horses freed itself from the wagon and was soon out of sight but the one attached to the vehicle was subsequently stopped. The other animal was caught later and again attached to the wagon, after which the team proceeded to Washington.

Corporation Court.

[Judge L. C. Barley presiding.]

Catharine A. Triplett vs. Wm. T. Triplett et al.; decree confirming report of special commissioner and appointing J. K. M. Norton commissioner of sale.

L. Strauss vs. T. D. Downey et al.; decree confirming report of Special Commissioner Varney.

Bids Opened.

The committee on public property have received three bids for the proposed improvements at the station house and police court room. The lowest bid was that of Mr. J. D. Knight for $750. The other two were for $810 and $890. The amount appropriated by Council for the work was $700.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At E. S. Leadbeater & Sons' drug store, 25c., guaranteed.

Painful Accident.

Earl, the little son of Mr. John H. Trimyer, was brought here today on an electric train from Alexandria county, where he lives, with one of his legs and feet terribly injured by an accidental gunshot wound. He was taken to the Alexandria Hospital for treatment.

The accident occurred near Braddock Heights where several gentlemen were shooting at clay pigeons, and the boy was minding the traps. Mr. E. W. Starnell was just about to shoot when his gun was prematurely discharged, the contents entering young Trimyer's leg and foot.

Telephone Improvements.

The Bell Telephone Company has a force of men at work installing their new switch boards, generators, &c., in their office on King street just east of Fairfax and in a short time the office will be one of the best equipped in this section. Everything is new and of the latest pattern and when the work is completed the Alexandria telephone subscribers will have a fine service.

W. C. T. U.

The Allison W. C. T. U. will hold its weekly prayer meeting at the Children's Home at 8 o'clock this evening.

The regular business meeting of the Allison W. C. T. U. will be held Friday afternoon at 4 o'clock. A full attendance is desired as business of importance is to be transacted.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five minutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

Seize Lighthouse on Siberian Coast.

Dispatches received in St. Petersburg from Manchuria report the landing of a Japanese battalion and the seizure of a lighthouse on the Siberian coast, near Dekastries, a post formerly called Alexandrovsk, 700 miles north of Vladivostok, after a preliminary shelling by torpedo-boat destroyers. Military officials in St. Petersburg attach importance to the episode only in connection with the Sakhalin campaign and say that as the landing was effected at a place where the Straits of Tartary, between Sakhalin and the mainland, are narrowest, it apparently is part of the strategy of the Japanese to prevent the escape of the Russian garrison in Sakhalin across the straits. They add that the landing is too far north to have any bearing on the main campaign or on operations against Vladivostok.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,

jy26 10t JAMES R. CATON.
